The People of the free states in Union ("People") do not now, nor have we ever supported any intent of overthrowing the UNITED STATES municipal corporation acting as a government. The People are not "Sovereign Citizens" as defined by the UNITED STATES and Homeland Security. We are peaceful, non-violent and advocate peaceful,

I'm afraid that the ordinary citizen will not like to be told that banks can and do create money, and they who control the credit of a nation, direct the policy of governments, and hold in the hollow of their hands the destiny of the people."

-- Reginald McKenna, past Chairman of the Board, Midlands Bank of England

The People of the United States had our lawful Republican form of governance deceptively taken from us long ago before any of us were born when the *Act to Provide a Government for the District of Columbia* was enacted by The FORTY-FIRST CONGRESS Session III in CHAP. LXII on February 21, 1871. Most Americans believe and assume that their Federal Government is a legitimate Constitutional republic form of governance when in reality it is a foreign owned corporation for profit siphoning off wealth and liberty from the People, while acting as a government.

Some Americans have discovered the truth and now understand why the American People have been abused along with other People around the world. Over many years, all of America's media, public schools, political parties, courts, financial systems, business, and all aspects of life were slowly and secretly taken over by bankers behind the UNITED STATES municipal corporation. The American people have been abused, imprisoned, and had our wealth taken away just as many of the other People around the world.

Americans are discovering how this unlawful corporate Federal Government has caused harm, financially and physically to other Peoples and Nations of the world. We wish our predecessors would have stopped them long ago and returned the United States of America back

non-violent methods to restore and maintain a lawful, constitutional republican form of governance (i.e. we would never advocate or take part in the kidnapping of, or violence against any public official; nor do we affiliate with any hate groups; nor would we participate in any terrorist attack against the U.S. corporate government or any public or private official.) We love our fellow man, America, its People and the Republic for which our flag stands. We observe the greatest commandment, namely, that we love God and Love our fellow man. We believe that the rule of law should be applied justly and equally to all, both small and great without regard to race, gender, color, financial status, handicap, or religious affiliation. We show tolerance and respect to corporate law enforcement officers even when these officers, through lack of knowledge, may violate or infringe upon our un-a-lien-able guaranteed liberties. We are not tax protesters or the

to its Constitutional republican form of governance.

We want the American People to know that many loyal Americans as well as friends of this nation are working to expose the unlawful actions of this corporate Federal Government and all the associated corporations and people involved. Our goal is to stabilize America and its economy, with the intent of freeing the American People and People of the world from unscrupulous banking interests. The rule of law should be applied equally to all mankind, requiring justice for the innocent as well as for those proven guilty of atrocities that have been committed in the name of the American People. Not all Americans are aware of the TRUTH about their Nation and the unlawful corporate government that is controlling their lives. Many Americans refuse to believe the truth or they dare not speak about the truth for fear of being punished or put into prison for things that do not warrant such treatment.

The Republic for the United States of America has been re-inhabited

On July 4, 1776 our American Founding Fathers signed a Declaration of Independence that changed the world forever. It was the first time in history that a group of common people had declared their God given right to be free from the oppression of a tyrant king. It was a new idea. The revolutionary war was fought and won under the direction of General George Washington who became the first President of the United States of America. A Congress was convened and a constitution ratified with the Bill of Rights *circa* 1791. This constitution created and guaranteed a Constitutional Republic to and for the American People. The actions of our founding Fathers set us on a path that created one of the greatest nations on earth.

Foreign banking interests influenced many in our nation and in our government to control our monetary system. During the American Civil War time frame Congress unlawfully created a new form of government and legal system to replace our constitutional Republic when the *Act to Provide a Government for the District of Columbia* was enacted by The FORTY-FIRST CONGRESS Session III in CHAP. LXII on February 21, 1871. The American Constitutional Republic was abandoned.

A few brave souls kept the fire of liberty smoldering slowly throughout the years. After years of research by many Americans, a solution to the unlawful municipal corporate government in Washington, D.C. was found. These Americans realized that Congress had never repealed the original Constitutional Republic. During the 1870's, they realized the Constitutional Republic could

like. We believe in conducting our commerce and the business of Republic governance in the open, not in secret meetings. We hold that the People intend to research actual Law as well as applicable case Law. We intend on attending as many seminars, meetings and lectures as possible given by law professors, lawyers and the like in order to learn the proper interpretation of law. We are willing to assist any local, state or national leaders, such as governors, congressmen, senators or representatives in coming to a clearer understanding of their constitutional duties and obligations to the American People.

not be lawfully destroyed, so they set it aside and moved forward with a new Corporate Democratic system of government. Only *We the People* had the lawful right and authority to change our system of government but the *de jure* Congress never asked us to decide. They unlawfully usurped the God given unalienable rights of the American People without our consent. This is in direct violation of our law and makes any actions taken since 1871 by the UNITED STATES municipal corporation null and void. They used a *de facto* legal system and an unlawful practice of implied consent without full disclosure to create an unlawful government to force their rule over the American People.

So, in 2010 *We the People*, through grand juries, gave public notice by warrant to the fifty corporate STATE governors which ordered restoration back to lawful *de jure* government. Once they refused, the People took lawful steps to re-inhabit the positions of the original Constitutional Republic. On September 23, 2010, elected statesmen and delegates from the free States in union gathered to establish an interim government as the 1st Congressional Assembly of the Republic of the United States of America. This gathering effectively established the first functional *de jure* government since the 1870s when the government was incorporated. Until 2010, the *de jure* Congress never had a quorum of constitutional office holders to lawfully re-convene. The Republic for the United States has lawfully fulfilled that requirement. We notified the corporation of our plans to re-inhabit the original Republic, and have lawfully done so. In short, the People have taken the necessary steps to lawfully re-inhabit our Republican form of governance.

Change is here; that change is the Republic for the United States of America and is being accomplished in peace and honor. Since November of 2010, the Republic for the United States of America has been the only lawful *de jure* government in America, however in a provisional capacity until the majority of Americans find out the truth. The Republic for the United States of America has the lawful right to operate as a parallel provisional government in America while the UNITED STATES municipal corporation collapses. Imminent collapse is the result of their immorality and failed economic/financial policies. The UNITED STATES municipal corporation has clearly sown the seeds of its' own destruction and will fall.

Many of us have been working for over two years and have risked our lives and fortunes to re-inhabit the Republic under the Almighty Creator's direction. This speaks volumes about the quality, character and dedication of the People who have struggled, many working full time without any compensation.

The UNITED STATES corporation and all its financial partners

are very large and powerful. With the help of God, the American People can prevail in lawfully preventing more atrocities from being committed. Our Nation must be restored back to a virtuous, righteous and honorable Nation in peace and harmony with the world. We humbly ask for your prayers and support as we go through this transition and may God have mercy on us all.

Funding for the Republic

The funding of the Republic has been and continues to be from the members thereof. Many People in the Republic have laid aside their own aspirations and livelihoods to work full time and/or part time towards the re-establishment of the original Republic.

Groups/Countries Backing the Republic

We believe that many of the People groups around the world will gladly jump onto the Republic bandwagon once they come to understand that it will lead to a period of restoration of all things. For now, it is your mothers, fathers, grandmothers, grandfathers, your brothers and sisters and children of People around this country that are the lifeblood of this Republic.
